

## **QUESTIONS AND ANSWERS PRIORITY CLASS “B”**

The following is a list of questions and answers for the Fund. These questions and answers will only cover information specific to Priority Class “B” claims.

### **How many active Priority Class “B” claims does the Fund have?**

The Fund has 1,985 active claims in this Priority Class.

### **Have any Priority Class “B” claim Letters of Commitment (LOCs) been suspended?**

The Fund has not suspended any LOCs in the Priority Class at this time. However, there is a possibility that some active LOCs will be suspended in the near future.

### **Will new LOCs be issued for Priority Class “B”?**

At this time, the Fund will not issue any new LOCs to this Priority Class until we can determine that no active LOCs will be suspended.

### **What is the payment order for Priority Class “B”?**

This Priority Class is the second highest priority for payment. However, the actual payments will be made based on the availability of funds.

### **How are payments being processed and paid for Priority Class “B” claims?**

The Fund is processing and paying the claims in this Priority Class by date of receipt of the Reimbursement Request (RR).

As RRs are reviewed, they will be placed on hold pending the availability of funds. A letter, along with the Payment Summary, will be sent to notify claimants that their RR’s review was completed and their payment has been credited to their claim and paid as funds become available.

### **Will payments to Priority Class “B” be delayed?**

These payments may be delayed between 6 to 18 months.

### **How much revenue goes to Priority Class “B” claims?**

This Priority Class receives about 70 percent of the revenue for payments. In order to remain within this level, there is a possibility that some active LOCs will be suspended in the near future.
